ISRAEL MARITIME CYBERSECURITY SUMMIT (IMCS) 2021

Thursday, July 22nd, 2021

Navigating Cybersecurity in Rough Waters

The first Israel Maritime Cybersecurity Summit (IMCS) 2021 will take place during Cyber Week, the leading international cybersecurity conference hosted by the Blavatnik ICRC at Tel Aviv University.

IMCS is a multi-disciplinary summit that brings together private, public and academic stakeholders, focused on increasing cyber resilience in the maritime ecosystem.

The summit will cover topics such as port cybersecurity, vessel cybersecurity, CNS (communication navigation & surveillance), regulation, technology, operational solutions and more.

Who should attend?

Executives, cyber & IT personnel of sea ports, shipping and logistics companies, national and international maritime organizations, maritime cybersecurity providers, researchers and startups.
